Premium Product Placement

Information on our displays can be seen by tens of thousands of local consumers each week and the millions of people who visit retail stores every year.

Cost Effective Advertising

Our display advertising is often more cost effective and efficient than TV, radio, newspaper, phone directory and billboard advertising.

We break down the barriers to position your brand in the nation's top retail locations.

Experience

DistribuTech's community center display program is specifically designed for free publication distribution and allows you to promote your business to millions of consumers – on a local or a national basis. Our reach is made possible by our exclusive agreements with many of the nation's largest retailers. We place our displays in high traffic areas, such as the entrance and exit areas of the stores, to provide your publication with maximum impressions and pick-up. Your publication is delivered and merchandised weekly, to ensure efficient product placement and extended shelf-life.
